

**SECURIPLEX****ELECTRICAL ENGINEER**

Securiplex is a growing fire protection organization in the heart of the Gulf of Mexico serving the marine, industrial and commercial markets. With the oldest reputation for water mist fire technology in North America, we are seeking a Electrical Engineer to join our team in the development of high and low-pressure water mist systems.

**POSITION**

Electrical engineer reporting to the Director of Engineering, your duties will be to:

- Design complete high-pressure pump unit control systems. Panels are industrial type using pushbutton, relay and logic relay technologies.
- Programming of industrial OEM fire alarm panels, in addition to logic relay controls.
- Participate in factory acceptance setup activities which will involve the setup of instrumentation and monitoring of the water mist system (i.e., flow, pressure, temperature., etc.)
- Customer service and support activities related to electrical spare parts, troubleshooting or programming issues.
- Comfortable with the development of electrical control /power supply equipment for use with water mist systems.
- Participate in continuing evolution of the Securiplex Propak fire alarm panel to allow for addressable and remote monitoring applications
- Capable of troubleshooting field applications.
- On site commissioning.

The capability of programming PLC's, PLR's, Industrial fire alarm panels of various brands, in addition to knowledge of ladder logic and networking standards is an asset.

We offer a great working atmosphere in an environment where our goal is to continue to innovate and improve our products on a constant basis. You will join a team that has pioneered various water mist technologies and a company that has established itself as a leader in North America.

Located in Mobile, AL

**EDUCATION**

Degree in Electrical Engineering or equivalent experience

**EXPERIENCE AND SKILLS**

- Minimum 5 years experience
- Good communication and inter-personal skills.
- Skilled with computer applications and office programs, including MS-WORD, POWER-POINT, EXCEL.
